🔍 **MISSION STATEMENT**

To be the Leading Environmental, Scientific and  
Technical Equipments Supplier and Services  
Provider

🔍 **MAIN OBJECTIVE**

- To be one of the leading providers of environmental, scientific, electric/electronic, precision, and telecommunication products and services by applying and dedicating our efforts towards total quality assurance and satisfactory services to our clients.

## BUSINESS FOCUS

As a client-focused and dedicated services provider in various scientific technologies, our business focuses on supply, install, commissioning, and maintenance of:

- Industrial Monitoring and Control Equipments
- Measurement & Precision Equipments
- Scientific Equipments & Chemicals
- Electronic and Telecommunication Equipments
- Computer and Networking Infrastructure setup and maintenance

We are a registered dealer/agent to some of the manufacturers and main distributor but we are not limited to any particular brand name.

Our long and wide experience enables us to source products that are not in our standard catalogues and we will be pleased to submit a no obligation quotation for these items.

### Consultancy Services

Our group of consultants and experts provide technically sound, realistic, and cost-effective environmental solutions, based on the outstanding technical ability present within the company. Our highly experienced environmental personnel work in close contact with the other divisions in the Company to deliver within the client's requirements and schedule.
